## Video Rules and Content (Grades 5-8)

Please submit one disk (CD or DVD) per student or one entry per team. Contest registration form must be printed and completed by student or team member. Multiple entries from the same school are allowed. Entries will be judged based on how informative the video is and compliant with contest rules. Videos should be no longer than three minutes in length exploring this year's Fire Prevention Week theme, "Protect Your Family From Fire." Videos must be submitted on a disk (CD or DVD). The video format must be capable of being uploaded to YouTube™ (for example, MPEG, MP4, Quicktime, FLV) and meet YouTube's policies. No copyrighted material can be included. The video should include age appropriate material for a target audience of students in grades five through eight. All videos should be well researched and must be educational and informational. Students are strongly encouraged to contact their local fire departments to help with the research. Material should not demonstrate risky or otherwise unsafe behavior. There can be no actual fire. All videos become the property of FASNY and may be used as FASNY sees fit in future materials and promotions. No entries will be accepted after November 15, 2011.

A panel of judges will choose a selection of winning videos. These videos will then be posted online for public voting in February 2012. A first, second and third place winner will be determined by the votes cast by the public. The first place winner will receive a check for \$100 and a plaque from FASNY, the second place winner will receive a check for \$75 from FASNY, and the third place winner will receive a check for \$50 from FASNY. Teachers will be notified of winners by March 1, 2012.
